It was agreed earlier this year, that as a War Memorial Hospital, it would be appropriate to make a contribution to the Australia Remembers Programme.

The programme is linked to the 50th Anniversary of V.E. and V.P. Days and reflects on and reminds Australians of the importance to them of the events leading up to this day.

The arbour in the Attunga Gardens, which supports the large weeping elm, has been upgraded. Today, a plaque is being unveiled under the elm tree, which gives recognition to the surviving servicemen and women of World War II and to those people who remained at home keeping Australia going during the war years.
